RELIGIOUS EDUCATION

What is peace in this world?

Peace in this world, which is required for the respect and development of human life, is not simply the absence of war or a balance of power between adversaries. It is "the tranquility of order" (Saint Augustine), "The work of justice" (*Isaiah 32:17*) and the effect of charity. Earthly peace is the image and fruit of the peace of Christ. *Further reading CCC : 2304-2305*

Organ Donation is an act of charity

Would you or someone you know consider being a live donor of a kidney for transplant for someone in need?

By doing the blood work to see if your a match, you also get a top notch screening to find out if you have any medical issues. This screening and testing is something most never have access to. You may not be a match, or may decide after the testing not to continue on the process, as there is no pressure.

St. Pope John Paul II said, "*organ donation is an act of love and solidarity for others.*"

We have a woman named Francine originally from North Sydney in need of a kidney and if you are open to at least going for the medical screening, please call the Renal Clinic in the Regional Hospital on behalf of Francine at 902-567-8067, or call her husband John who is searching for a live donor to keep his wife alive 780-394-8410. More information about living kidney donation can be found at:
